PurePrep System Service

*Maintenance Plans for
magtivio Customers*

Annual PurePrep system service plan for magtivio customers

Equipment performance is crucial to the overall productivity of the lab. Annual preventive maintenance increases up-time and ensures the equipment is performing according to its specifications. magtivio offers a PurePrep system service plan for annual preventive maintenance of PurePrep systems.

Preventive maintenance is offered as a yearly cleaning, check-up and calibration. The PurePrep system will be temporarily replaced with a swap system, while we maintain yours off location.

Preventive maintenance (PM) transport routes

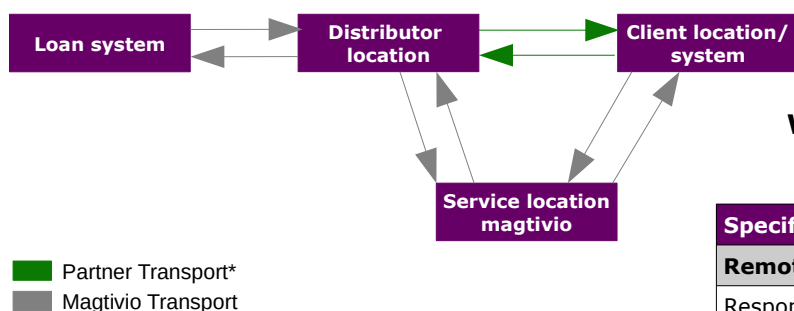

Figure 1: Description of the system transport routes

The transport costs are included when using the PurePrep annual service plan.

*The partner transports costs are not included in the PurePrep annual service plan.

What is included in the PurePrep annual service plan?
