

Laboratory Specialist

JP0015-001

magtivio B.V. is a valued partner for routine and research laboratories, as well as in-vitro diagnostics manufacturers. We develop and commercialize a continuously expanding line of magnetic separation solutions. Our main focus is on DNA extraction and clean-up kits for molecular biology in research, industry and diagnostics, and biological sample preparation for LC-MS/MS and (U)HPLC analysis in clinical chemistry / pharma markets.

We are looking for a **Laboratory Specialist** (part-/full-time).

We are seeking a detail-oriented and motivated **Laboratory Specialist** to join our team to ensure the smooth operation of our production laboratory and to contribute to the creation of high-quality products that make a difference.

Responsibilities

- Perform production tasks according to Standard Operations Procedures and manufacturing guidelines
- Accurately record production data, procedures and results in accordance with company guidelines
- Maintain and calibrate laboratory equipment and instruments to ensure accuracy and reliability
- Analyse / assists in root causes of production issues and develop corrective actions
- Maintain inventory levels of production materials and communicate with the procurement team when supplies are low and keeping an organized inventory
- Work closely with production team members to meet production goals and deadlines
- Assist in writing Standard Operation Procedures for new manufacturing processes
- Assist in the development and optimization of production processes
- Assist where needed and contribute across the organization

Qualifications

- At least in possession of a Bachelor degree in chemistry or chemical engineering or comparable education
- Familiar with ISO 9001 and ISO 13485
- Excellent communication skills, at least in English, preferably also in Dutch and German
- Strong attention to detail and precision in handling laboratory materials and equipment
- Dedication to safety and quality assurance in the production process
- Good knowledge in ERP System, Excel and Word
- Required competencies: ambitious, team-player, independent, accurate
